Hot cupboard 230 volt stainless steel for 60 plates 32 cm

Serve hot food on hot plates to maintain temperature and quality with the hot cupboard by Pujadas. It features a strong stainless steel that provides impressive durability and longevity, and is completely insulated to prevent heat from escaping for exceptional energy efficiency. The temperature range of 35°C to 85°C (95°F to 185°F) holds plates at perfect hot temperatures, and the dial thermostat ensures quick, accurate adjustments. The shelves inside are removable, adjustable and accommodate 60 plates up to 32 centimeters in diameter. With heavy-duty hinges, the door is ready to stand up to frequent use, while indicator lights keep the operator informed for a streamlined user experience.
