Non-stick oven egg GN 1/1 pan with six compartment aluminum with nonstick coating

This multiunit tray by Pujadas provides incomparable performance. The six compartments are 1 6/10 centimeters deep and 9 ½ centimeters in diameter, which is the ideal size for a single egg and creates a perfectly round result. The strong, yet lightweight, aluminum construction offers years of dependability and even heat transfer for consistent results. Meanwhile, the nonstick coating promises easy release for smooth serving and quick cleaning.
