230-volt 650-watt standard Mirage® drop-in induction warmer with UK plug

Save space, time and energy with the Mirage drop-in induction warmer by Vollrath. With powerful induction technology, this drop-in warmer is a valuable addition to any lineup and approximately 40 percent more efficient than electric or gas. It features a framed ceramic top that's equally sleek and durable, and the countersunk installation creates a streamlined work surface. The remote dial control offers high-speed power and temperature adjustments, as well as a 1- to 180-minute timer function. The temperature memory allows the warmer to power up to the last used temperature setting, and the bright LED screen is easy to see. Designed for commercial buffet and warming stations, this induction warmer promises to outperform.
