Product Family: Food Warming Equipment

11-quart 230-volt Mirage® countertop induction rethermalizer in natural finish with Schuko plug

The Mirage countertop induction rethermalizer by Vollrath makes it easier than ever to heat and serve food at safe temperatures. Sensors monitor food temperatures at three points on the inset, and an indicator light notifies you when the contents need to be stirred, helping to evenly distribute heat and prevent burning. Induction heating does not require water, ensuring faster heating times and better temperature control. This unit won't provide heat until an induction-ready inset is placed inside to reduce energy waste. The versatile digital controls have four convenient presets or precise temperature settings in °F or °C, depending on your preference. This unit comes with a Vollrath induction-ready inset and an inset cover, providing everything you need for operation, and the natural finish creates a sleek look.

MODEL INFORMATION

EAN 13	8421661973915
(W) Width (CM)	35.3
(D) Depth (CM)	35.3
(H) Height (CM)	34.1
(DI) Diameter (CM)	35.3
Amps	3.5
Hz	50/60
Plug	EU (Type F)
Voltage	230
Watts	800
Capacity (L)	10.4
Construction Material	Stainless Steel
Case Lot	1
Case Width	14.75
Case Height	15.25
Case Length	14.75

Features & Benefits

- Induction heating means heat is transferred directly to the induction-ready inset, which eliminates the need to monitor and refill water levels
- Sensors reduce food waste and make clean-up easier by preventing food from burning in near-empty insets
- Digital controls allow precise temperature settings in °F or °C
- Digital controls allow precise temperature from 100-190°F in 1 degree increments.
- Soup, créme soup, chili, mac and cheese, and rethermalize presets are included for speed and convenience
- Sensors monitor the temperature at three points on the inset to activate the Stir Indicator LED which notifies the operator to stir the food to maintain temperature and quality
- 6-foot cord and Schuko plug
- Vollrath induction-ready inset and inset cover included. Requires use of Vollrath induction ready

inset — failure to use these insets may damage the unit and will void the warranty
