Product Family: Multi-Ply Cookware

Rounded saucepan 20 cm multimetal induction-ready with satin finish

Serving up the benefits of both stainless steel and aluminum in the same powerful unit, this rounded saucepan by Pujadas offers a stunning performance. Featuring an NSF-certified stainless steel sandwich base with an aluminum core, this saucepan creates powerful heat that's distributed evenly across the bottom and up the sides of the pan. The stainless steel body provides impressive durability and longevity, while the smooth interior ensures quick, easy cleaning. The strong curved handle offers a comfortable grip, and the hole in the end allows hanging storage to save space. The rounded design curves around spoons or whisks for easier stirring, which helps prevent burning, and the satin finish creates an elegant, classic look. This versatile saucepan can be used with your gas, electric, vitroceramic or induction range.

MODEL INFORMATION

EAN 13	8421661234207
(W) Width (CM)	40.9
(D) Depth (CM)	20
(H) Height (CM)	7.9
(DI) Diameter (CM)	20
Capacity (L)	1.8
Weight (KG)	0.91
Construction Material	Multi-Metal
Material Type	Metals
Case Lot	1
Case Width	25.5
Case Height	9.5
Case Length	44.5

Features & Benefits
