Product Family: Century Cookware

Century straight-side sauté pan 20 cm aluminum

Extra-heavy-duty cookware made from pure aluminum, manufactured with 100% recyclable aluminum sheets up to 5 mm thick depending on diameter. The reinforced base prevents warping and ensures full contact with the heat source for improved energy efficiency. Features excellent heat conductivity, thicker side walls and reinforced rims for added durability. The polished exterior helps prevent bacteria buildup, while high-strength rivets and tubular stainless steel handles, robust and heat-insulating, ensure safe and intensive professional use.

MODEL INFORMATION

EAN 13	8421661163200
(W) Width (CM)	36
(D) Depth (CM)	20
(H) Height (CM)	5.5
(DI) Diameter (CM)	20
Capacity (L)	5.5
Weight (KG)	0.56
Construction Material	Aluminum
Material Type	Metals
Case Lot	1

Features & Benefits

- Made from extra-heavy-duty pure aluminum, 100% recyclable, delivering professional strength with a responsible approach.
- Reinforced thick base prevents warping and ensures full contact with the heat source for improved energy efficiency.
- Excellent heat conductivity and thicker side walls provide even cooking and precise temperature control.
- Polished exterior, reinforced rims and high-strength rivets enhance hygiene, durability and safety under intensive use.
- Tubular stainless steel handles, robust and heat-insulating, ensure safe and comfortable handling.
- NSF certified, suitable for gas, vitroceramic and electric cooktops.
