Data sheet

Tray trolley TWF - 2x8 Veska lengthways

The ideal and convenient solution for veska-trays.

More Info

The tray trolley, the optimal transport or distribution product for station supply and equipped for a variety of other applications. Food can be prepared and served quickly and easily at the right time. The trolley floor is optimally protected by the all-round corner bumpers made of solid PE 500 material. Comprehensive insulation is ensured by the double-walled dispensing area as well as the doors, roof and floor.

The high-quality tray trolley made of stainless steel for transporting trays of food on veska-trays (530 x 375mm). The deep-drawn support rails are equipped with a tilt-protection. The tray trolley can be individually extended with a wide range of acces-sories, including a fully welded gallery, a coupling-drawbar-system, card holders or all-round corner bumpers on the trolley roof.

TECHNICAL SPECIFICATIONS
Tray trolley TWF - 2x8 Veska lengthways

TECHNICAL SPECIFICATIONS

Material	stainless steel 1.4301
Dimensions	1087 x 765 x 1425 mm
Weight	115 kg
Support rails	2 x 8
Rail distance	115 mm
Tabletteinschub	along
Impact protection	U-shaped bumper bar
Castor	2 fixed-; 2 swivel castors
Wheel diameter	200 mm
Order number	**88 44 02 08**

BENEFITS

Secure, spring-loaded 2-point locking system made of CNS.

Double-walled insulated, floor designed as a 3-sided trough.

Optimal handling due to castors Ø 200 mm as well as the continuous stainless steel push handle, including with door handle protection.

Optimum protection due to the all-round, bolted-on corner bumpers on the trolley bottom.

The ready-trayed food can be served easily and quickly.

Clean with a suitable agent for stainless steel, for example with a hot, mild detergent solution. Then rub the surface dry with a soft cloth.

88 44 02 08 / 13 10 2025. Subject to technical changes, omissions and errors. Items may differ from illustrations.
